

# Wardrobe Edit

---

## INFORMATION SHEET

Running an effective wardrobe consultation takes skill with a good deal of mental and physical energy along with precise concentration. There's more to a wardrobe edit than meets the eye, it's not as simple as pulling the contents out, rooting through piles and popping it back again. Understanding how to coach your client to feel more confident in her wardrobe takes a level of understanding outside of the practical realm alone.

In our one day Wardrobe Edit course you will learn how to help your client discover self confidence, empowerment, a stress free environment and a good level of knowledge to move forward with.

Practically you will learn how to create a stress free wardrobe, how to organise a wardrobe, the right tools for maintaining a wardrobe and creating a capsule wardrobe. You'll also learn how to carefully consider your clients emotions and attachments to specific items, how to overcome barriers and deal with objections.

## Who

This one day course is for adults of all levels, from any background or experience - complete beginners to those who wish to hone their existing wardrobe management skills to feel more confident guiding clients through the editing process.

We strongly recommend you consider learning about style personality and body shapes prior to taking this course.

## How

Our one day courses are live online practical sessions in which you'll learn everything you need to carry out a successful wardrobe consultation from curating a capsule to decluttering. You'll work through a detailed manual with our experts, and take part in an assessment towards the end of the working day.

## After

Following this course, you can use your skills in Wardrobe Management as an Image Consultant, Wardrobe Consultant, Personal Stylist or to compliment other work in the wellbeing, style or fashion industries. If you wish to continue your training and take your style business online, we also offer an easy-to-use step by step digital editing system available in our Virtual Training courses for existing stylists.

What's required: There is no criteria expected to join us on our one day courses, you will be required to access our online course in a live zoom session and be prepared to have your camera on and attend the full session. One to one training is also available to help you shape your business the way you want. Please ask for further details. Find out more about our other one day courses: Colour Analysis, Style & Shape, Personal Shopping, Business Development - check our website for more information and various available dates.

FURTHER SUPPORT: After your training we offer monthly mentoring sessions, community support and modern ways to help your business grow. [Ask us about our styling community.](#)
